4040 Distribution Box

Overview

KG-4040 Metal Network Distribution Box SupplierKG-4040 metal network distribution box works as a wall mounted network box for cable management, CI4040 | El.

Key Takeaways

"Distribution Box 4040" may refer to either the FRITZ!Box 4040 Wi-Fi router or the Euro Box EF 4040 storage container.FRITZ!Box 4040 Router

The FRITZ!Box 4040 is a high-performance Wi-Fi router designed for home and small office networks. It supports Mesh networking, allowing multiple FRITZ! devices to create a seamless Wi-Fi network throughout a home or office, ensuring stable internet access in every corner . Key features include:

• High-speed Wi-Fi for multiple devices simultaneously

• VPN support for secure remote connections

• Online monitoring to track internet and device usage

• Expandable Mesh network with FRITZ! repeaters or powerline adapters

• User-friendly interface for configuration and diagnostics The router can be configured via a web interface or mobile app, and it supports advanced features like push services, NAS functionality, and firmware updates. Detailed manuals and support are available online for step-by-step guidance .
Euro Box EF 4040

© 2026 ALFA PRO COMMUNICATION SYSTEMS (Pty) Ltd - All rights reserved

The Euro Box EF 4040 is a durable storage and transport container made from polypropylene (PP). It is designed for industrial, office, or workshop use and supports both manual and automated handling . Key specifications include:

• Temperature resistance: -20°C to +100°C

• Chemical resistance: Unaffected by most oils, acids, and alkalis

• Stacking capacity: Up to 600 kg safely

• Load capacity: Up to 15 kg per box

• Smooth interior for easy cleaning

• Handles for convenient transport

• Compatibility with Euro-standard containers and system carriers The Euro Box EF 4040 is ideal for storage, transport, and logistics applications, supporting reusable and circular processes.
Summary
• If your query refers to networking, the FRITZ!Box 4040 is a Wi-Fi router with Mesh capabilities, VPN support, and advanced monitoring features.

• If your query refers to physical storage, the Euro Box EF 4040 is a polypropylene container suitable for stacking, transport, and industrial storage. Choosing the correct "4040" depends on whether your focus is digital network distribution or physical goods storage.
