504 Core Fiber Optic Distribution Cabinet

Overview

Customized size available upon request. Front and back access with locking feature. Pre-connectorized fiber pigtails installed for rapid. 288core 504core 576core ODF Optical Distribution Frame Rack Fiber Distribution Cabinet Optical Distribution Frame Rack GPX300 series Optical Distribution Frame Rack,suitable for trunk cable's termination and distribution in optical communication system,with the function of. Sun Telecom's SUN-ODF-H series fiber optic distribution frames are widely applied in Local Central Office. These are used for fiber optic cable fixation, protection, termination, patching etc. The system can be deployed in multiple applications including central office, headend, FTTx, FTTCS. Stacking a 288-fiber or a 576-fiber FDH-HD cabinet onto any other FDH-HD (288, 576, or 896) cabinet allows deferment of capital investment until network growth requires a larger fiber count cabinet. The OptiTect® HD series is the first line of stubless and modular outside plant FTTx cabinets. Incorporating Clearfield's philosophy of modularity and flexibility, the FieldSmart ® Fiber Distribution Hub (FDH) sets the bar for fiber access, protection and density among outside plant fiber cabinets for PON, cross-connect or hub collapse environments.
