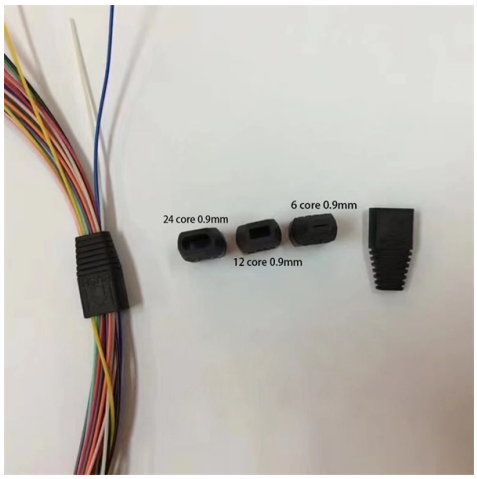
Canadian Plastic Distribution Box Manufacturer



Overview

Top Plastic Distribution Companies in Canada Custom Plastics International Limited is a specialized Canadian manufacturer with over 50 years of experience.

Key Takeaways

Barr Plastics and Container Corporation of Canada are leading Canadian manufacturers of plastic distribution boxes and packaging solutions. Barr Plastics – Polylok Distribution BoxesBarr Plastics specializes in Polylok distribution boxes, which are widely used in electrical, telecommunications, and utility applications. They offer a range of sizes and configurations suitable for contractors and commercial projects.

Customers can request individualized pricing and quotes directly through their website, making it convenient for bulk or specialized orders. Barr Plastics is recognized for durable, high-quality plastic products designed for long-term outdoor use.

Container Corporation of Canada

Founded in 1977, Container Corporation of Canada manufactures a variety of plastic packaging solutions, including HDPE, LDPE, polypropylene, PET, and OPP containers. While they are known for corrugated and flexible packaging, they also produce recyclable plastic containers and boxes suitable for industrial and commercial distribution. Their focus on sustainability and custom design allows businesses to create packaging tailored to specific product protection and shipping needs.

Other Notable Canadian Packaging Companies

Several other Canadian companies provide plastic packaging and distribution solutions: CCC Plastics: Offers custom color, additives, and compound concentrates for plastic products. Peel Plastic Products: Specializes in flexible and eco-friendly plastic packaging. Vins Plastics: Provides tailored flexible plastic packaging with rapid delivery.

Ampak: Manufactures bottles, jars, and closures for food, pharmaceutical, and health industries. These companies can supply customized plastic boxes or containers for distribution purposes, depending on your industry requirements. Choosing a ManufacturerWhen selecting a Canadian plastic distribution box manufacturer, consider: Material type: HDPE, LDPE, polypropylene, or PET depending on durability and application.

Customization options: Size, color, and internal partitions for product protection. Sustainability: Recyclable or eco-friendly materials. Delivery and support: Warehousing, bulk shipping, and technical support.

For contractors or businesses needing ready-to-use distribution boxes, Barr Plastics is a direct source. For customized or sustainable packaging solutions, Container Corporation of Canada and other Canadian packaging companies provide flexible options.
