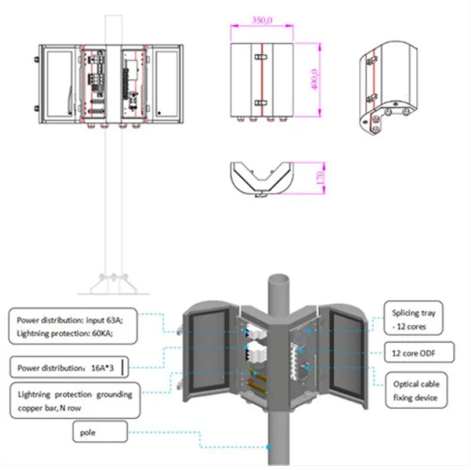
China s supplier of ladder-type cable trays



Overview

Cable trays are available in several types, each tailored to meet different applications and cable management requirements.

Key Takeaways

China hosts numerous reputable manufacturers of ladder-type cable trays, offering high-quality, customizable solutions for industrial and commercial applications.Leading Manufacturers

Shandong Tianhong Electric Power Technology Co., Ltd. is a prominent manufacturer specializing in cable tray systems, including ladder trays. Founded in 2006, Tianhong provides OEM and ODM services, with automated production lines ensuring consistent quality and fast delivery. Their ladder trays are designed for heavy-duty industrial environments, offering excellent ventilation, heat dissipation, and corrosion resistance through powder-coated surfaces . Bonet Cable Tray focuses on durable ladder cable trays suitable for diverse environments, emphasizing high-quality materials and long-lasting performance . LEADWIN produces ladder grids and ladder ducts, catering to electrical and industrial applications, while Ningbo Eastern Grid Power Co., Ltd. offers lightweight aluminum and fiberglass insulated ladders for safe cable operations . Other notable suppliers include Light Aluminium Alloy Ladders and 3S Lift, which provide high-strength, customizable ladder solutions suitable for industrial and specialized applications like wind turbine towers .

Sourcing Platforms

© 2026 ALFA PRO COMMUNICATION SYSTEMS (Pty) Ltd - All rights reserved

Platforms like Made-in-China.com list a wide range of cable ladders and trays from multiple Chinese manufacturers, offering options for factory-direct purchases, OEM customization, and bulk orders. Buyers can compare specifications, materials, and pricing to select the most suitable supplier .

Product Features
• Ladder Cable Trays: Two longitudinal side rails connected by rungs, providing maximum ventilation and heat dissipation, ideal for heavy-duty power distribution.

• Materials: Commonly made from steel, aluminum, or fiberglass, often with powder-coated or galvanized finishes for corrosion resistance.

• Applications: Industrial plants, data centers, commercial buildings, and infrastructure projects requiring organized and protected cable management.
Considerations for Selection

When choosing a manufacturer or product, consider:

• Load capacity and structural strength

• Environmental conditions (indoor/outdoor, corrosive environments)

• Customization options (length, width, material, coating)

• Compliance with international standards and certifications By leveraging these manufacturers and sourcing platforms, buyers can efficiently identify reliable Chinese suppliers of ladder-type cable trays tailored to their project requirements .
