Homebase Ventures Ltd Homebase Ventures offers a comprehensive catalogue of electrical supplies in Ghana, including various types of cable trays. They cater to both commercial and industrial projects, providing quality products for efficient cable routing and organization. 4.

Kelm Engineering Ghana Ltd (Eurotray) Eurotray by Kelm Engineering specializes in heavy-duty cable tray systems capable of carrying higher cable loads than standard perforated trays. Their systems are suitable for vertical applications, heat-sensitive environments, and industries such as data centers, food, and chemical processing. They provide complete installation solutions including duct, carrier consoles, and connection parts.

5. Cable House Cable House is a recognized manufacturer and supplier of customized cable trays in Ghana. They offer ladder trays, hose clamps, cable ties, and crimping tools.

Their products are known for durability, reliable performance, and tailored solutions to meet specific project needs.

Applications and Benefits

Industrial and commercial installations: Organize and support electrical and data cables efficiently. Data centers and IT infrastructure: Maintain separation of power and data cables to prevent interference. Customizable solutions: Trays can be cut, expanded, or modified to accommodate future cable additions.

Safety and durability: Corrosion-resistant coatings, rounded edges, and robust steel construction enhance workplace safety and longevity. For purchasing or project-specific inquiries, it is recommended to contact the manufacturers directly to discuss your requirements, request quotes, and explore custom solutions.
