1. PT Mitra Nusa Internasional (MNITray) MNITray is a prominent manufacturer and distributor of cable trays, cable ladders, and wire mesh systems in Indonesia. They offer a wide range of materials including SPHC, stainless steel, aluminum, and FRP, with customizable dimensions and load capacities to suit industrial and infrastructure projects. Their products are processed with Hot Dip Galvanized (HDG) finishing for corrosion resistance, and they provide strict quality control and timely delivery for large-scale projects . 2. PT Surya Cakra Mandiri (SCM B-Tray) Based in Jakarta, PT Surya Cakra Mandiri has over 20 years of experience manufacturing cable trays, ladders, wire mesh, and FRP/GRP systems. Their products meet international standards such as ISO 9001, ISO 14001, and OHSAS 18001, ensuring safety, durability, and reliability. SCM provides tailored solutions for industrial electrical installations, emphasizing precision engineering and long-term performance . 3. PT Nobi Putra Angkasa PT Nobi Putra Angkasa is recognized as one of the first local cable tray and ladder manufacturers in Indonesia. With more than 25 years of experience, they specialize in steel cable trays, perforated trays, and complete electrical solutions including panels and steel structures. Their products are widely used in government and industrial projects, and they are known for high-quality, cost-effective, and precision-manufactured solutions . 4. PT Sumber Surya Mandiri PT Sumber Surya Mandiri focuses on manufacturing cable trays, cable ladders, lighting poles, and other steel products. They provide rigid, open structural systems for industrial and commercial electrical networks, as well as wire mesh cable support systems for efficient heat dissipation and quick installation. Their operations comply with SNI and ISO 14001:2015 standards, ensuring consistent quality and customer satisfaction .

Considerations for Choosing a Manufacturer

• Material and Load Capacity: Ensure the manufacturer offers materials and load ratings suitable for your project.

• Customization: Check if they provide tailored solutions for specific installation environments.

• Certifications: ISO, OHSAS, and SNI certifications indicate adherence to international quality and safety standards.

• Distribution and Lead Time: Manufacturers with in-house production and distributor networks can ensure timely delivery for large projects.

• Experience: Companies with extensive experience in industrial and government projects are more likely to provide reliable and durable solutions. These manufacturers collectively cover a wide range of cable management needs, from heavy-duty industrial installations to commercial and infrastructure projects, providing both standard and customized solutions.
