Integrated Power Supply Manufacturer Direct Sales

Overview

Integrated Power Designs, Made in the US Power SuppliesIntegrated Power Designs (IPD) is an ISO 9001:2015 registered company. IPD is a US Power Supply manu.

Key Takeaways

Integrated Power Designs (IPD), FSP Technology, and Integrated Power Supplies International (IPSI) offer direct sales of AC-DC and DC-DC power supplies.Key Manufacturers

1. Integrated Power Designs (IPD) IPD specializes in DC-DC power supplies ranging from 70–185W and AC-DC units up to 1000W. Their products feature reinforced insulation between primary and secondary circuits and are designed, assembled, and sold directly from their Wilkes-Barre, Pennsylvania facility, allowing for direct manufacturer purchases and technical support . 2. FSP Technology Inc. FSP is a global leader in power supply manufacturing, providing AC/DC solutions for ICT, medical, solar inverters, energy storage, and more. They combine innovative R&D with direct sales, ensuring high-quality, reliable products for industrial and commercial applications . 3. Integrated Power Supplies International (IPSI) IPSI focuses on standby and prime electrical power systems, including generators and complete power solutions. They offer direct sales and turnkey installations, particularly in the Rochester, NY area, and are certified dealers for Generac and Kohler generators .

Additional Resources

For a broader selection of manufacturers and direct sales options, IQS Directory lists numerous companies capable of designing, engineering, and manufacturing custom AC-DC and DC-DC power supplies. This includes TDK-Lambda, Triad, and Acopian Power Supplies, which provide both standard and custom solutions with direct manufacturer contact for quotes and technical support .

Considerations for Direct Purchase
• Product Specifications: Confirm wattage, input/output voltage, and insulation requirements.

• Customization: Many manufacturers offer tailored solutions for industrial, medical, or renewable energy applications.

• Technical Support: Direct sales often include engineering assistance for integration and compliance.

• Location & Shipping: Some manufacturers, like IPD, ship directly from their U.S. facilities, which may reduce lead times. By contacting these manufacturers directly, you can obtain quotes, discuss custom requirements, and purchase integrated power supplies without intermediaries, ensuring both cost efficiency and technical support.
