Al-

Ahleia Switchgear Co., K. S. C.

C Founded in 1982, Al-Ahleia manufactures packaged substations, switchgears, control panels, transformers, and data acquisition systems. Their facilities include CNC machines, robotic welding, powder coating, and vacuum casting plants. They were the first Kuwaiti company awarded ISO 9001 certification in 1995, highlighting their commitment to quality.

Specialized Products and Applications

Outdoor and weatherproof enclosures for solar power plants, EV charging stations, and smart grid infrastructure. High IP-rated junction boxes capable of withstanding Kuwait's extreme desert temperatures and UV exposure. Smart metering and modular distribution units compatible with AMI systems and automated demand-response networks.

Industrial and residential switchboards with RCDs, RCBOs, and transfer switches for safety and power management.

Considerations for Procurement

When selecting a manufacturer in Kuwait, consider: Compliance with MEW wiring regulations and IEC standards. Durability in high-temperature, high-UV environments. Availability of OEM/ODM customization for project-specific requirements.

After-sales support and maintenance services to ensure long-term reliability. These manufacturers collectively provide a robust supply chain for Kuwait's growing infrastructure, renewable energy projects, and smart city initiatives, ensuring reliable low-voltage power distribution solutions.
