Liechtenstein Manufacturer of Integrated Container Racks and Rack Types

Overview

liechtenstein-integrated-container-rack-1u Eurocontainer is a leading company in the design and manufacturing of containers, mobile boxes, tanks, and compl.

Key Takeaways

Alpine Lean Solutions and AIB Kunstmann are key Liechtenstein manufacturers offering customized container racks and integrated rack systems. Key Manufacturers1. Alpine Lean Solutions Founded in 1998, Alpine Lean Solutions specializes in customized flow racks and lean pipe workbenches.

They focus on designing racks that fit specific warehouse layouts, including tight corners or complex assembly lines. Their engineers work directly with clients to ensure that every rack system, from basic flow racks to fully integrated lean systems, is tailored to workflow requirements, emphasizing efficiency and ergonomics. 2.

Liechtenstein Material Handling Co. (LMHC) Since 2005, LMHC has provided aluminum profile workstations and flow racks that combine durability with ergonomic design. Their signature "ErgoFlow" workbench integrates a height-adjustable surface with built-in flow racks, ideal for tools and parts handling.

LMH

C emphasizes smooth, lockable caster wheels for heavy loads, making their racks suitable for dynamic warehouse environments. 3.

AIB Kunstmann AI

B Kunstmann specializes in CONTAINER-Racks, designed for installation in mobile containers used in energy storage solutions such as solar, wind, or event applications. Each project is custom-built, considering space constraints, container integration (welding or bolting), ventilation, and battery type. The racks are made of steel with high-quality PE coating and are available in RAL 7021 black-gray or RAL 7001 silver-gray.

Typical delivery time is six weeks, including planning and construction phases.

Types of Racks Available

Flow Racks: Gravity-fed racks for first-in, first-out (FIFO) inventory management, reducing search time and errors in warehouses. Pallet Racks: Flexible storage for pallets, mesh boxes, and containers, including narrow-aisle high-bay, drive-in, push-in, and shuttle-controlled systems. Container Racks: Custom racks for mobile energy solutions, designed to fit container dimensions and specific project requirements.

Integrated Workstations: Height-adjustable workbenches with built-in storage for tools and parts, enhancing ergonomics and workflow efficiency.

Customization and Services

Liechtenstein manufacturers emphasize tailored solutions, including: Project-specific design and engineeringMaterial selection and surface treatmentIntegration with existing warehouse or container systemsAssembly, testing, and commissioning support These companies provide end-to-end solutions, ensuring that racks are not only functional but also optimized for the client's operational workflow and space constraints. For businesses seeking high-quality, customized rack systems in Liechtenstein, Alpine Lean Solutions and AIB Kunstmann are leading providers, offering both standard and specialized container-integrated solutions.
