# Malaysian-style cable tray manufacturer

## Overview

Best 5 Cable Tray Manufacturers in MalaysiaThis guide introduces the top five cable tray manufacturers in Malaysia, highlighting their specialties, industr.

## Key Takeaways

Top Malaysian cable tray manufacturers include SAN Engineering, Array Metal, U-LI Group, NK Synergy, and Sun Energy System, offering high-quality, standards-compliant cable management solutions.

SA

N EngineeringSAN Engineering specializes in hot-dip galvanized (HDG) cable trays and other cable support systems. Their products are made from top-grade steel and are available in corrosion-resistant steel, stainless steel, and aluminum alloys, with finishes such as zinc, PVC, and epoxy.

SA

N trays are designed for efficient cable routing, easy maintenance, and long-term durability, meeting both local and international standards for fabrication and finishing.

## Array Metal

Array Metal is a reliable manufacturer and supplier of cable support systems in Malaysia, including cable trays, ladders, trunking, and wire trays. They offer a wide variety of products at competitive prices and maintain a strong international presence, distributing to markets such as Singapore, Australia, and the United States. Array Metal emphasizes timely delivery and dependable support for all cable management needs.

U-LI GroupThe U-LI Group has been manufacturing cable support systems since 1978 and operates five manufacturing sites in Malaysia. Their product range includes perforated cable trays, cable ladders, cable trunking, wire baskets, and floor trunking. U-LI trays feature integrated coupling systems, NEMA VE-1 load ratings, and compliance with international standards.

Their solutions are suitable for medium to heavy-duty installations in buildings, factories, and industrial complexes.

N

K SynergyNK Synergy offers a versatile selection of cable trays, including perforated, ladder, wire mesh, and FRP (Fiberglass Reinforced Plastic) trays. Their products are available in mild steel, stainless steel, and aluminum, with finishes such as pre-galvanized, hot-dip galvanized, and powder-coated.

N

K Synergy trays are ideal for data centers, power plants, oil & gas facilities, and corrosive environments, providing both durability and adaptability. Sun Energy System (UMI Cable Support Solution)Sun Energy System produces metal cable ladders, trays, and trunking designed for heavy-duty cable management. Their products are made from Electro Zinc Galvanized Steel, Pre-Galvanized Steel, Mild Steel, and Stainless Steel, meeting NEMA and CSA standards.

They offer customization options to suit specific industrial or commercial requirements, ensuring flexibility, scalability, and reliable protection for cables.

## Summary

For sourcing cable trays in Malaysia, these manufacturers provide high-quality, durable, and standards-compliant solutions suitable for a wide range of applications, from commercial buildings to industrial plants. When selecting a supplier, consider material type, load capacity, corrosion resistance, and customization options to match your project requirements.
