Hot-dip galvanized cable tray price

Overview

Find here Galvanized Cable Trays, Galvanized Steel Cable Tray manufacturers, suppliers & exporters in India.

Key Takeaways

Hot-dip galvanized cable trays typically range from $0.40 to $2.25 per meter depending on size, load capacity, and order volume.Price Range and Suppliers

The cost of hot-dip galvanized (HDG) cable trays varies based on material thickness, tray type, and quantity ordered. For bulk orders of 50,000+ units, prices can be as low as $0.40 per meter, while specialized heavy-duty or outdoor trays may cost up to $2.25 per meter . Leading suppliers include Shandong Huayuetong International Trade Co., Zhonghe Steel (Tianjin) Co., Weifang Guqiang Cable Tray Co., and BXYC Co., offering competitive pricing and compliance with ISO and ASTM standards .

Factors Affecting Price
• Material and Coating: HDG trays are coated with a thick zinc layer for corrosion resistance, which increases durability and lifespan, especially in outdoor or industrial environments .

• Tray Type: Ladder, perforated, ventilated, or solid trays have different manufacturing costs. Perforated trays improve airflow and reduce cable heating but may be slightly more expensive .

• Dimensions and Load Capacity: Wider or deeper trays designed for heavy cable loads cost more due to additional steel usage and structural reinforcement .

• Compliance and Certification: Trays meeting ISO 1461, ASTM A123, or local electrical codes may carry a premium .

• Order Volume: Bulk purchases often reduce unit cost by 15–30% .

• Shipping and Import Costs: Freight, customs, and local taxes can affect the final price, especially for international orders .
Additional Considerations
• Durability: HDG trays are low-maintenance and resistant to corrosion, rain, humidity, and extreme temperatures, making them cost-effective over the long term .

• Customization: Many suppliers offer custom sizes, shapes, and perforation patterns to fit specific project requirements .

• Installation and Accessories: Couplers, brackets, and mounting hardware may be included or sold separately, impacting total project cost . For accurate pricing, it is recommended to request quotes from multiple suppliers, specifying tray type, dimensions, quantity, and environmental conditions to ensure the best value and compliance with project standards.
