AM-PRO Industrial Co., based in Mindanao (Davao & Cagayan de Oro), manufactures electrical panels, distribution systems, and cable trays, providing fabrication, engineering, and on-site installation services across the Philippines. They focus on durability, efficiency, and tailored solutions for diverse environments (ampro.ph). Dong Aye Panelboard Fabrication Corp., established in 2005, specializes in custom metal fabrication for electrical panelboards and cable trays, serving industrial, commercial, and residential clients.

They offer design, fabrication, and installation services with a commitment to quality and innovation (dongaye.com).

Product Features and Applications

Philippine manufacturers offer cable trays with features such as: Ladder trays: High load capacity, excellent ventilation, suitable for industrial plants and heavy power cable runs. Perforated trays: Lightweight, flexible, good ventilation, ideal for data centers, offices, and retail spaces. Solid bottom trays: Fully enclosed for maximum protection from dust, debris, and EMI, suitable for sensitive data and communication lines.

Material options: Pre-galvanized, hot-dip galvanized, stainless steel, and fiberglass for corrosion resistance and durability in harsh environments. These trays are widely used in commercial buildings, industrial facilities, data centers, chemical plants, and coastal areas, ensuring compliance with safety standards and long-term performance. Choosing a ManufacturerWhen selecting a cable tray manufacturer in the Philippines, consider: Product quality and compliance with local and international standards.

Customization capabilities for specific project requirements. Industry experience and references. Additional services such as installation support, engineering consultation, and after-sales service.

Working with reputable local manufacturers can reduce lead times, ensure climate-resistant products, and provide cost-effective solutions for complex installations.
