Austrian optical cable price quote

Overview

Optical Fiber Cables Price in Austria In May 2025, the average optical fiber cables export price amounted to $54,694 per ton, remaining relatively unchange.

Key Takeaways

The average import price of optical fiber cables in Austria was approximately $28,068 per ton in 2023, with export prices reaching $54,694 per ton by May 2025.

Current Pricing Overview

In Austria, the import price of optical fiber cables has shown significant growth over the past decade, increasing at an average annual rate of 12. 8% from 2013 to 2023, with a notable 31. 3% rise compared to 2021 levels.

Prices vary depending on the supplier country, with Poland commanding the highest import price ($41,802 per ton) and Slovenia among the lowest ($15,472 per ton) in 2023. Export prices have also risen steadily, peaking at $54,694 per ton in May 2025, reflecting strong market demand and resilient growth trends.

Domestic Manufacturing Costs

The Austrian fibre-optic cable manufacturing industry generated revenue of approximately €4 billion over the five years through 2025, with a forecasted growth of 4. 1% in 2025. The market includes both single-mode and multi-mode optical cables, and the industry is moderately competitive.

The domestic market size for 2026 is projected at €23. 7 million, with a small number of active businesses, indicating that local production is limited compared to imports.

Market and Supplier Landscape

Austria has a robust network of 333 optical cable suppliers, exporting to over 457 buyers worldwide. The supplier base is diverse, allowing procurement managers to access competitive pricing and reliable supply chains. Volza's trade intelligence data highlights that sourcing quality and cost-effectiveness vary significantly among suppliers, making supplier selection critical for cost optimization.

Market Trends

The Austrian optical cable market has experienced fluctuations in import volumes, with a temporary decline of 24. 75% in 2023-2024, but overall growth continues with a CAGR of 7. 35% from 2020 to 2024.

This indicates a resilient market with ongoing demand for optical fiber infrastructure, driven by broadband expansion, 5G deployment, and increasing data transmission needs.

Summary

Import Price (2023): $28,068 per tonExport Price (May 2025): $54,694 per tonDomestic Market Size (2026): €23. 7 millionGrowth Trends: Steady long-term growth with short-term fluctuationsSuppliers: 333 active suppliers in Austria, moderate competition For procurement or investment decisions, it is important to consider both import/export price trends and the limited domestic production, as well as supplier reliability and market dynamics.
