Adastra WL

L specializes in durable and efficient cable tray solutions for industrial, commercial, and infrastructure applications. They have experience with major projects in Qatar and offer tailored solutions that can meet fire safety requirements while remaining cost-effective.

Serve

Gas also supplies fire-resistant cable trays and emphasizes installation efficiency, dependability, and in-country support. They provide competitive pricing and flexibility in materials and configurations, including stainless steel, ladder-type, and GRP trays.

Recommendations

For best price with local support, Altura Industries and Electra are strong choices due to their competitive pricing and wide availability in Qatar. For certified, high-quality industrial solutions, TransDelta and Adastra WLL are recommended, especially for large-scale or safety-critical projects. For flexible customization and installation efficiency, ServeGas offers a balance of cost and adaptability for various cable types and layouts.

Contacting these suppliers directly for quotes and comparing specifications, fire ratings, and delivery options will help determine the most cost-effective solution for your specific project needs.
