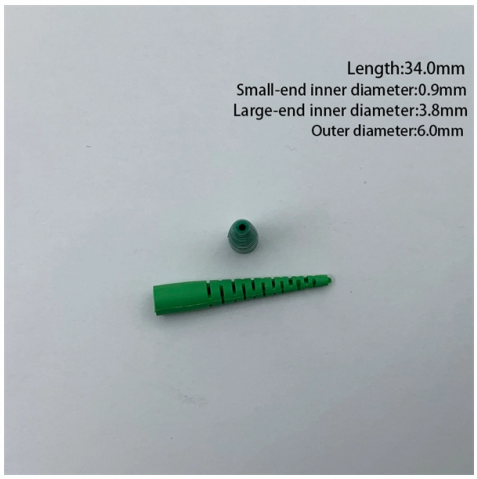
Quotation for Mesh Cable Tray Cover Plates



Overview

Cable Tray Fittings Supplier | Bends, Tees, Reducers & CoversCable tray fittings supplier for bends, tees, reducers, covers, connectors, brackets, dividers.

Key Takeaways

Mesh cable tray cover plates typically range from $0. 20 to $30 per piece depending on size, material, and supplier.

Pricing Overview

The cost of mesh cable tray cover plates varies significantly based on material, dimensions, and manufacturer. For example: M. G.

Cable Industries (Mumbai, India) lists coupler plates with hardware for 25/50 mm height cable trays at ₹16 per piece and for 75/100 mm height trays at ₹30 per piece. These prices are for standard sizes like 20/30 x 200 mm and 70 x 200 mm, with GST extra and minimum order quantities applicable. Kable Kontrol wire mesh cable trays on Amazon offer high-quality zinc-plated steel covers in widths of 4, 6, 8, and 12 inches, with standard lengths of 5 feet.

Prices vary depending on width and accessories, generally ranging from $20 to $30 per 5-foot section.

New

Reach cable tray covers provide industrial-grade options in steel, aluminum, and stainless steel (304L/316L), suitable for indoor and outdoor use. Pricing is typically custom-quoted based on tray width (50 mm to 600 mm) and material thickness (3 mm to 5 mm), reflecting the higher durability and corrosion resistance.

Factors Affecting Price

Material: Steel is strong and durable, aluminum is lightweight and corrosion-resistant, and stainless steel offers superior chemical and moisture resistance. Dimensions: Larger widths and longer lengths increase material usage and cost. Finish and Coating: Galvanized or electro-zinc finishes add protection against corrosion, slightly increasing price.

Accessories: Couplers, brackets, and snap-on features can add to the overall cost. Supplier and Location: Prices vary by region, shipping costs, and supplier policies.

Summary

For standard mesh cable tray cover plates, expect prices from around $0. 20–$1 per small coupler plate to $20–$30 per 5-foot section for larger, high-quality wire mesh covers. Custom sizes, premium materials, and industrial-grade finishes will increase the cost.

Always verify compatibility with your cable tray system and local electrical codes before purchase.
