• Medium to large supports such as the Roof-Pro TAB-C 500/750/1000 or DPK supports, which can handle larger cable volumes and multiple services, are more robust and pre-fabricated. Prices for these can range from £50–£100 per unit, with bespoke designs potentially costing more .

• Stainless steel trapeze brackets (e.g., 100mm A316/A4 with 500mm drop) are premium options offering corrosion resistance and durability for external environments. These typically cost £40–£70 per bracket, with trade or bulk pricing available upon request .
Factors Affecting Price
