Key Takeaways

Q-branded safety organizations offer comprehensive training programs, certifications, and resources to enhance workplace and personal safety.Q&Q Safety Solutions

Q&Q Safety Solutions provides CPR, babysitting, and BLS (Basic Life Support) training with a focus on emergency preparedness and leadership skills . Their courses are designed for small groups, following COVID-19 safety protocols, and offer two-year certifications that can be issued digitally or as hard copies. They also provide on-site training at your facility or at designated training locations, making it convenient for individuals and organizations .

Q Safety Academy (QSA)

Q Safety Academy offers over 100 courses and regulatory certifications for professionals, tradesmen, and safety technicians . Their programs include NCCER, OSHA, and MSHA certifications, with 24/7 access via mobile devices, tablets, or laptops. QSA emphasizes critical safety thinking, professional guidance, and flexible learning paths, including video interactions, interactive eBooks, self-assessments, and one-on-one mentoring. They also provide certification bundles and flexible payment plans, making it easier to meet career and regulatory requirements .

Q Safety Training
