

Buying Stainless Steel Cable Trays in the UK

Overview

LASNEK offers durable stainless steel cable trays in the UK. Our trays are designed to provide efficient cable management solutions, ensuring the safety and organisation of your wiring systems.

Key Takeaways

Stainless steel cable trays in the UK are widely available from suppliers such as LASNEK, Enrgtech, CMW Ltd, Direct Channel, and Electrix, offering 304 and 316-grade options for commercial and industrial applications. Key Suppliers and Products
LASNEK: Offers a broad range of stainless steel cable management systems suitable for commercial, industrial, and residential projects, with a focus on high-quality materials and innovative solutions. Enrgtech Ltd: Supplies RS PRO stainless steel cable trays in 304 or 316-grade stainless steel, suitable for walls or ceiling installations.

These trays are corrosion-resistant, comply with DIN4102-12 E90 classification, and are ideal for offices, factories, and cleanroom environments.

CM

W Ltd: Provides high-quality cable trays for commercial and industrial projects, with next-day delivery and free delivery on orders over £100. Their products are designed for reliability and ease of installation. Direct Channel: Offers 100mm stainless steel cable basket trays made from AISI 304 passivated stainless steel, with 4mm heavy gauge wire and welded construction.

These trays provide secure cable support while maintaining airflow and accessibility, with most orders dispatched within 24 hours. Electrix: Supplies 100mm wide stainless steel cable trays manufactured from 304 V2A stainless steel, medium duty, 0.9mm thickness, with return flange wall type and 2B dull finish.

Each 3-metre length comes with couplers for easy installation.

Considerations for Procurement

Material Grade: 304 stainless steel is suitable for most indoor and mildly corrosive environments, while 316 stainless steel offers superior resistance for aggressive or outdoor conditions. **Tray Size and Load:** Standard widths include 50mm, 100mm, 150mm, and 200mm, with lengths typically in 3-metre sections. Ensure the tray size matches cable volume and load requirements.

Compliance and Standards: Look for trays compliant with CEI 61537, DIN4102-12, or UL approvals for safety and fire resistance. **Delivery and Availability:** Many UK suppliers offer next-day or 1-2 day delivery for standard stock, with bulk or custom orders requiring additional lead time.

Summary

For U

K procurement of stainless steel cable trays, suppliers like LASNEK, Enrgtech, CMW Ltd, Direct Channel, and Electrix provide a variety of options in 304 and 316 stainless steel, suitable for indoor, outdoor, and industrial applications. Consider material grade, tray dimensions, compliance standards, and delivery options when selecting a supplier to ensure a reliable and durable cable management solution.
