

Cable Tray Support Manufacturer Price Inquiry

Overview

Cable Tray Price, 2026 Cable Tray Price Manufacturers & Suppliers. Factory direct options come straight from the manufacturer, ensuring competitive price.

Key Takeaways

Cable tray supports in India are available from multiple manufacturers, with prices starting as low as ₹20 per piece, depending on the supplier and type of support.

Leading Manufacturers and Suppliers

Several companies offer cable tray supports with competitive pricing and bulk order options: Rajlaxmi Industries – Starting at ₹20 per piece, known for affordable options and fast response.

AG

S Industries Engineering Private Limited – Starting at ₹50 per piece, offering a range of support types. Zarat Electricals – Starting at ₹60 per piece, providing reliable delivery and support. K.

R. Power Supports and Dudhat Infra Products Limited – Top-rated suppliers with quick response and bulk order support.

JL

H Electric also provides custom-designed cable tray supports and fitting accessories, including brackets, suspension rods, and connectors, with competitive factory pricing and high-quality materials like galvanized steel, stainless steel, and aluminum alloy.

Types of Cable Tray Supports

Cable tray supports vary based on installation needs: Hanging clamps and bars – Suspend trays from threaded rods, supporting up to 280 lbs per foot. Pedestals – Stand-alone supports for floor-mounted trays, available in multiple sizes. Brackets and cross arms – Provide additional structural support and allow for directional changes in cable routing.

Pricing Considerations

Prices depend on material, size, load capacity, and customization. Bulk orders often receive discounts and suppliers may offer delivery and installation guidance. Online platforms like IndiaMART and TradeIndia provide direct contact with manufacturers to negotiate prices and confirm availability.

Recommendations

Contact suppliers directly to get updated pricing, bulk order deals, and delivery options. Specify the type of cable tray system (ladder, ventilated, solid-bottom) to ensure compatibility with supports. Consider material and corrosion resistance for long-term durability, especially in industrial environments.

By comparing suppliers and understanding the types of supports, you can select cost-effective and reliable cable tray support solutions for your project.
