Wholesale of high-quality fiber optic terminal boxes

Overview

High-Quality Fiber Optic Terminal Boxes | Wall-Mounted OTRANS is a leading fiber optic terminal box factory. We supply TBA & TBS series wall-mounted boxes.

Key Takeaways

High-quality wholesale fiber optic terminal boxes are available from multiple manufacturers offering wall-mount, desktop, and outdoor models with customizable ports and IP-rated protection.

Leading Wholesale Suppliers and Brands

Teleweaver – Offers a wide range of fiber distribution and termination boxes for FTTH and OSP solutions. They provide OEM/ODM services, free samples for evaluation, and factory pricing. Products include indoor wall-mounted boxes, outdoor cabinets, and fully loaded patch panels with SC/LC adapters.

Teleweaver emphasizes strict quality control, long-term customer support, and 540-day warranties.

TT

I Fiber – Manufactures wall-mount, desktop, and pole-mount terminal boxes with 4–24 ports. Outdoor models are IP65-rated with UV-resistant ABS housings. They provide pre-loaded or empty enclosures, integrated splice trays, and tool-free access.

I Fiber supports OEM customization and bulk pricing for global FTTH projects. Infospace Inc. Suppliers – Offers a variety of brands including CSYHT, JUNPU, Takfly, YINGDA, TTI, FOCC, and SHKE.

Products range from 2-core to 72-core boxes, with IP65/IP68 waterproof ratings, ABS or PC+ABS materials, and options for PLC splitters. Many suppliers provide OEM services and pre-installed adapters for fast deployment. Alibaba Wholesale Options – Features multiple suppliers offering FTTH and FTTX terminal boxes, including 2–48 port capacities, IP65/IP67 outdoor protection, and pre-connectorized PLC splitters.

Prices vary from $0. 25 for small indoor boxes to $19+ for high-density rack-mounted units.

MO

Q ranges from 1 to 100 pieces depending on the supplier. Mefiberoptic – Provides FTTH terminal boxes for 2–16 cores, suitable for indoor and outdoor installations. Materials include ABS and PC, with IP65/IP67 protection.

These boxes support SC, LC, FC adapters, fusion and mechanical splicing, and wall or pole mounting.

Key Features to Consider

Port Capacity: 2–48 cores depending on network size. Installation Type: Wall-mount, desktop, pole-mount, or rack-mounted. Material: ABS, PC, or SMC composite for durability and UV resistance.

Protection Rating: IP65–IP68 for outdoor use. Adapter Compatibility: SC, LC, FC, ST. Customization: OEM/ODM services, pre-loaded adapters, PLC splitters, and custom entry ports.

Applications: FTTH, FTTB, FTTX, enterprise networks, and telecom distribution points.

Procurement Tips

Compare unit prices and MOQs across suppliers to optimize cost. Request free samples to evaluate quality and compatibility.

Verify I

P ratings and material specifications for outdoor deployments. Consider pre-loaded vs. empty enclosures based on installation speed and labor costs. Check supplier warranty and after-sales support for long-term reliability.

By sourcing from these suppliers, network operators and contractors can secure reliable, cost-effective, and customizable fiber optic terminal boxes suitable for large-scale FTTH and enterprise deployments.
