

Customized ODF patch panels in the UAE

Overview

Fiber Optic Patch Panel Supplier in Dubai, UAE Our range includes single-mode and multi-mode patch panels in various port configurations, designed to meet.

Key Takeaways

Customized ODF patch panels are widely available in the UAE from multiple suppliers offering tailored solutions for data centers, telecom networks, and enterprise infrastructure.

Leading Suppliers and Manufacturers

-

Ultra Stream Technologies LLC – Offers single-mode and multi-mode fiber optic patch panels in various port configurations, designed for high-rise commercial buildings, industrial facilities, and enterprise networks across Dubai and the UAE. Their panels are Etisalat DU approved and built to handle demanding environmental conditions, with scalable options for future network growth .

-

IT World Trading – Supplies high-quality patch panels with single-mode, multi-mode, and high-density options supporting LC, SC, and MPO connectors. Their panels feature secure mounting, bend-radius control, and clear labeling, suitable for both compact office networks and large-scale facilities .

-

Zoomline Network Technology LLC – Provides D-Link fixed, sliding, wall-mounted, and blank fiber adapter panels. They cater to both standard and customized requirements for fiber patch panels and accessories in Dubai .

-

Microsys Networks LLC – Offers a wide range of premium and cost-effective brands including Belden, Panduit, Optronics, Systimax, Commscope, Opterna, Norden, Molex, and Techlogiks. Their panels are Etisalat approved, UV listed, and TRA approved, with options for rack-mount, wall-mount, indoor, and outdoor applications .

-

NIP Trading LLC – Distributor of BDN and other major fiber patch panel brands, providing single-mode and multi-mode panels, micro ODFs, and Etisalat/DU-approved solutions. They offer a comprehensive range of fiber optic accessories and can quote customized options based on project requirements .

-

COMX – Offers wall-mounted and rack-mounted ODF patch panels, including MPO/MTP 96F, 48C, and 12F/24F SC-APC configurations. They provide pivot fiber optic patch panels and other modular solutions suitable for high-density applications .

-

Norden UAE – Manufacturer and supplier of high-density fiber optic distribution frames and ODF sub-racks. They provide customized designs, modular frames, and sub-racks compatible with advanced splice and patch systems, supporting up to 2016 ports with integrated cable management and bend-radius protection .

Key Features to Consider for Customized ODF Patch Panels

- Port Configuration: Options range from 2-port to 144-port or higher, depending on network size.
- Mounting Type: Rack-mounted (19-inch standard) or wall-mounted for smaller spaces.
- Fiber Mode: Single-mode or multi-mode (OM1, OM2, OM3, OM4).
- Connector Types: LC, SC, ST, MPO/MTP, or hybrid configurations.
- High-Density & Modular Design: Allows future expansion and efficient cable management.
- Compliance: Etisalat DU approval, TRA certification, and adherence to Telcordia standards.
- Environmental Durability: Panels designed for UAE conditions, including heat and dust resistance.

- Cable Management: Integrated trays, bend-radius protection, and pull-out units for easy maintenance.

Conclusion

Businesses and telecom operators in the UAE can access a wide range of customized ODF patch panels from reputable suppliers and manufacturers. Whether the requirement is for high-density data centers, enterprise networks, or industrial facilities, these providers offer scalable, compliant, and durable solutions tailored to specific project needs. For large-scale or specialized deployments, contacting suppliers like Norden UAE, Microsys Networks, or NIP Trading is recommended to discuss custom configurations, port counts, and installation support.
