

Drought-resistant power distribution box

Overview

Choose power distribution boxes with at least a 50A inlet and multiple GFCI outlets for safety and versatility. Look for weatherproof designs rated IP66 or higher to handle outdoor conditions, and opt for durable materials like steel or PC+ABS. As outdoor environments—from construction sites and renewable energy projects to events and shipyards—demand robust and weatherproof power. (1) Waterproof distribution box engineered for harsh outdoor and industrial environments, providing IP65–IP68 sealing against dust, rain, and UV. Crafted with advanced materials and innovative structures, it delivers reliable and stable performance in harsh environments, including humid, dusty. **PREMIUM CONSTRUCTION POWER DISTRIBUTION BOX:** Crafted by WESTERN, the 6506TLSX Temp power box features a durable blend material for long-lasting performance in demanding environments. Shop durable. **□ IMPORTANT□:** Installation of this power outlet box and related wiring must be done by a qualified electrician in compliance with all applicable electric codes. **□ IP65 Waterproof Level box□:** The product housing is constructed from high-quality ABS plastic and features an IP65 waterproof rating. Looking for a reliable, waterproof, and modular power distribution solution?

The HA Series Plastic Enclosure Distribution Box provides the ideal solution for protecting electrical and electronic components in a wide range of indoor and outdoor applications.
