Exhaust Fan Distribution Box Installation Price

Overview

Cost overview for exhaust fan installation combines the unit price with labor and any required electrical or ductwork. The total range typically spans from the low end of about $260 to a high near $2,300, with most projects landing between $600 and $1,500. Buyers shopping an exhaust fans price list typically pay $40-$1,200 for the unit alone and $150-$1,800 installed depending on type, capacity, and installation complexity. This guide presents cost ranges in USD and shows per unit and total estimates to help with. Homeowners typically spend a few hundred to a few thousand dollars to install exhaust fans depending on duct length, fan size, and whether the work includes wiring, venting through walls, or ceiling boxes.
