

High-quality electrical distribution boxes in Malta

Overview

Distribution Boxes Distribution Boxes. Read more. Power Distribution & Domestic Consumer Unit – BigMat MaltaThe Marlanvil Surface Distribution Box is desig.

Key Takeaways

For high-quality standard electrical distribution boxes in Malta, Schneider Electric, SENTOP, and Rockwell Automation are top global manufacturers, while local suppliers like iAutomate Ltd provide IP66-rated wall-mount boxes suitable for Maltese installations.

Top Global Manufacturers

Schneider Electric: Offers a wide range of electrical enclosures and distribution boxes for residential, commercial, and industrial use. Their products emphasize safety, energy efficiency, and compatibility with smart building systems, making them ideal for modern installations in Malta.

SENTO

P: Known for durable, customizable distribution boxes that comply with international safety standards. They provide tailored solutions for homes, businesses, and factories. Rockwell Automation: Focuses on innovative automation and distribution solutions, often in collaboration with system integrators for custom projects.

Their products are reliable for industrial and commercial applications. Hammond Manufacturing: Specializes in robust enclosures for industrial and outdoor environments, offering long-lasting and adaptable solutions.

Local Suppliers in Malta

Automate Ltd: Offers the Series ST wall-mount boxes made from press-bent steel with hidden hinges, powder-coated epoxy polyester finish, and IP66 protection. These boxes include a galvanized steel inner mounting plate and are suitable for both standard and demanding environments. Stainless steel options are available on request.

Malta Technical Services: Provides a variety of metal enclosures and distribution boxes of different sizes, suitable for local electrical installations.

FB

P Malta: Supplies standard distribution boxes for residential and commercial projects, ensuring compliance with local safety regulations.

Key Considerations

When selecting a distribution box for Malta: IP Rating: For outdoor or humid environments, IP66-rated boxes like those from iAutomate Ltd are recommended.

Material: Powder-coated steel or stainless steel ensures durability and corrosion resistance. **Certifications:** Look for CE, IEC, or UL certifications to ensure compliance with European safety standards.

Customization: Some projects may require custom sizes or mounting options, which global manufacturers like SENTOP or Rockwell Automation can provide. By combining globally recognized manufacturers with locally available, certified products, you can ensure safe, durable, and compliant electrical distribution solutions for Malta.
