

Hot-dip galvanized cable tray price

Overview

Find here Galvanized Cable Trays, Galvanized Steel Cable Tray manufacturers, suppliers & exporters in India.

Key Takeaways

Hot-dip galvanized cable trays typically range from \$0.40 to \$2.25 per meter depending on size, load capacity, and order volume. Price Range and Suppliers

The cost of hot-dip galvanized (HDG) cable trays varies based on material thickness, tray type, and quantity ordered. For bulk orders of 50,000+ units, prices can be as low as \$0.40 per meter, while specialized heavy-duty or outdoor trays may cost up to \$2.25 per meter. Leading suppliers include Shandong Huayuetong International Trade Co., Zhonghe Steel (Tianjin) Co., Weifang Guqiang Cable Tray Co., and BXYC Co., offering competitive pricing and compliance with ISO and ASTM standards.

Factors Affecting Price

- **Material and Coating:** HDG trays are coated with a thick zinc layer for corrosion resistance, which increases durability and lifespan, especially in outdoor or industrial environments.
- **Tray Type:** Ladder, perforated, ventilated, or solid trays have different manufacturing costs. Perforated trays improve airflow and reduce cable heating but may be slightly more expensive.
- **Dimensions and Load Capacity:** Wider or deeper trays designed for heavy cable loads cost more due to additional steel usage and structural reinforcement.
- **Compliance and Certification:** Trays meeting ISO 1461, ASTM A123, or local electrical codes may carry a premium.

- Order Volume: Bulk purchases often reduce unit cost by 15–30% .
 - Shipping and Import Costs: Freight, customs, and local taxes can affect the final price, especially for international orders .
- Additional Considerations
- Durability: HDG trays are low-maintenance and resistant to corrosion, rain, humidity, and extreme temperatures, making them cost-effective over the long term .
 - Customization: Many suppliers offer custom sizes, shapes, and perforation patterns to fit specific project requirements .
 - Installation and Accessories: Couplers, brackets, and mounting hardware may be included or sold separately, impacting total project cost . For accurate pricing, it is recommended to request quotes from multiple suppliers, specifying tray type, dimensions, quantity, and environmental conditions to ensure the best value and compliance with project standards.
