

Lithuanian Tray-Type Cable Tray Models

Overview

Lithuanian Fireproof Cable Tray Trough Type Introducing our Trough Type Fireproof Cable Tray, engineered specifically for fire safety in critical applicati.

Key Takeaways

Lithuania offers a variety of cable tray models including ladder, perforated, wire mesh, and closed types, supplied by leading manufacturers such as Jeetmull Jaichandlall, Spina Group, Eurotray, and PIT Group.

- **Key Cable Tray Types in Lithuania**
- **Ladder Cable Trays:** Open structure ideal for heavy-duty industrial applications, providing excellent ventilation and easy access for cable maintenance. Available in hot-dip galvanized, stainless steel, and aluminum options for corrosion resistance and durability .
- **Perforated Cable Trays:** Lightweight trays with perforations for ventilation, suitable for electrical and instrumentation cables in industrial plants. Commonly used in PS and AR series for optimal airflow .
- **Wire Mesh Cable Trays:** Flexible, open-grid design allowing easy routing and heat dissipation. Often used in food processing, telecommunications, and construction sectors. Available in galvanized, stainless steel, or electro-zinc finishes .

- **Closed/FC Cable Trays:** Fully enclosed trays for environments requiring cable isolation and protection from dust, moisture, or mechanical impact .

Leading Lithuanian Manufacturers and Suppliers

- **Jeetmull Jaichandlall (P) Ltd.:** Offers a wide range of cable trays in various sizes, shapes, and colors, with high-quality wire mesh and metal trays suitable for construction, agriculture, mining, and automotive industries .

- Spina Group: Provides industrial-grade cable trays and ladders with full compliance to EN and UL standards. Offers accessories like elbows, junctions, supports, and covers for modular installation .
- Eurotray: Specializes in cable management systems for multiple industries, including steel-based ladder and perforated trays, ensuring reliable organization and protection of cables .
- PIT Group / UAB Lithutec: Focuses on cable assembly, contract manufacturing, and industrial solutions, offering custom cable tray solutions and comprehensive support for electrical installations .

Accessories and Customization

Lithuanian suppliers provide a full range of installation accessories, including floor supports, suspension brackets, wall shelves, joints, and expansion joints. Custom sizes and configurations are available to meet specific industrial or infrastructure requirements .

Applications

Cable trays in Lithuania are widely used in:

- Industrial plants and factories
 - Telecommunications and data centers
 - Construction and infrastructure projects
 - Food processing and cleanroom environments
 - Automotive and mining sectors
- These trays ensure safe cable routing, mechanical protection, and efficient ventilation, supporting both standard and specialized installations . By selecting the appropriate tray type and manufacturer, users can achieve durable, corrosion-resistant, and modular cable management solutions tailored to their project needs.
