

Optical Splitter Communication Equipment Manufacturer

Overview

Top 100 Optical Splitter Manufacturers in 2026 | ensunDiscover all relevant Optical Splitter Manufacturers worldwide, including PPC Broadband and T&S Commu.

Key Takeaways

Leading manufacturers of optical splitters include Wuhan Rongyu, T&S Communications, OptiWorks, HYC Co., Ltd, and WEINERT Industries, offering a wide range of fiber optic solutions for telecommunications and data networks.

Key Manufacturers and Offerings

Wuhan Rongyu Optical Communication Technology Co., Ltd. (China) specializes in FTTH products, including fiber optic splitters, joint closures, and patch cords. Their splitters are designed for low insertion loss and stable signal transmission, supporting telecom operators and integrators in building reliable fiber networks.

T&

S Communications provides optical splitters such as PLC splitters and FBT couplers for indoor and outdoor applications, emphasizing high-quality performance in fiber optic connectivity.

Opti

Works manufactures PLC splitters and other fiber optic components, catering to telecommunications and data center applications.

HY

C Co., Ltd. focuses on passive optical devices, including PLC splitters, which are integral to 4G/5G networks and PON systems.

WEINERT Industries A

G (Germany) develops optical splitters using photolithographic chip technology for planar lightwave circuits (PLC), offering customizable input/output configurations and leveraging German engineering expertise. Other notable manufacturers include YINGDA Technology, Shenzhen Spring Optical Communication, Hosecom Limited, Shenzhen OPTICO, and Shenzhen Sopto Technology, all providing a variety of fiber optic splitters, terminal boxes, and passive components for telecom, data centers, and cloud computing applications.

Product Types and Features

Optical splitters are available in multiple formats, including ABS box splitters, LGX splitters, cassette splitters, rack mount splitters, ribbon fiber splitters, steel tube splitters, fan-out splitters, and tray splitters. They can be customized for connector types, cable lengths, packaging, and splitting ratios. Products typically meet international standards such as Telcordia GR-1209-CORE, GR-1221-CORE, IEC 61753-1, and comply with RoHS regulations.

Applications

Optical splitters are essential for FTTH networks, PON systems, CATV, SAT-IF fiber links, and data center connectivity. They enable efficient signal distribution, low insertion loss, and high reliability, supporting both indoor and outdoor deployments.

Ordering and Customization

Lead times for standard orders are typically 3-5 days, with larger or customized orders ranging from 7-15 days. Many manufacturers offer express shipping and flexible minimum order quantities, making them suitable for both small-scale and large-scale projects. These manufacturers collectively provide a comprehensive range of optical splitter solutions, ensuring high performance, reliability, and adaptability for modern fiber optic communication networks.

Top 100 Fiber Optic Splitter Suppliers in 2026 | ensun

Identify and compare relevant B2B manufacturers, suppliers and retailers. Max. T&S Communications specializes in manufacturing high-quality fiber optic splitters, including PLC splitters and FBT

manufacturer of fiber optical splitter

We provide a full range of FTTH products, including fiber optic joint closures, fiber optic splitters, and patch cords, designed to meet various network architecture requirements.

Optical Splitters for Central Office/Headend

CommScope offers a portfolio of bare and connectorized splitters/couplers in a wide range of styles and split ratios, and splitter modules for inside plant (ISP) and

Fiber Optic Splitter Manufacturer | PLC & FBT Splitters

Spring Optical provides fiber optic splitters including PLC splitters and FBT couplers for FTTH and PON networks, offering low loss and stable performance.

Optical splitters | WEINERT Industries AG

WEINERT Industries offers everything related to topic Optical splitters. Benefit from our know-how of German engineering expertise. Learn more now!

Custom High-Quality Fiber Optic Splitter Products, Factories

At Matrix PT Tech Co., Ltd., I provide high-quality fiber optic splitters, expertly crafted in our factories to meet your B2B needs for reliable connectivity solutions

Optical Splitter

What types of fiber optic splitters do you manufacture? We manufacture a comprehensive range of fiber optic splitters including ABS Box Splitters, LGX Splitters, Cassette Splitters, Rack Mount Splitters,

Wolon Fiber Optic Cable, Fiber Optic PLC Splitter, Fiber Optic Patch ...

As a leading manufacturer with 3 automated factories and 400-500 professionals in Wuhan, we continue to specialize in the R&D and production of SFP MODULE, MPO fiber, DWDM Equipment, and FTTH

Fiber Optic Products Manufacturer Wholesale Supplier China | OPELINK

OPELINK Founded in 2013, in China, is a leading worldwide manufacturer, supplier and wholesale of passive and active fiber optic products, components and equipment. main products include: Optical

Optical isolators/WDM/PLC Splitter/Fast

We sincerely invite optical communication enterprises, equipment manufacturers, system integrators, Telcom operators, and contractors from both domestic and

Shanghai Yogel Communication Equipment Co., Ltd.

Shanghai Yogel Communication Equipment Co., Ltd. is a professional company engaged in passive optical network (PON) products, fusion splicers&accessories and fiber optic testing & maintaining

China PLC Splitter Manufacturers and Suppliers

Wholesale customized plc splitter on fiberopticom . We're well-known as one of leading plc splitter manufacturers and suppliers in China. Be free to contact our

OEM Optical Communication Solutions

Corning Original Equipment Manufacturer (OEM) is a global leader in optical physics, precision manufacturing and material science designed to improve

Comprehensive Guide to Optical Splitters

An optical splitter is a crucial passive fiber optic device that splits and combines optical signals. It can distribute the optical energy transmitted through

China Patch Cord Production Line, Fiber Optic Passive Compoments ...

Shenzhen Fibtele Optical Communication Co.,Ltd: We are professional patch cord production line, fiber optic passive components, FTTH products and SFP transceiver or switch manufacturers and

Fiber Optic Communication & FTTH Equipment Manufacturer | JUNPU

The Fiber Optical Communication Solution is an innovative and sophisticated system engineered for effective and dependable long-range data transfer. It incorporates several elements including fiber

The Working Principle and Application Scenarios of Fiber Optic Splitters

Fiber optic splitters are essential passive devices in modern optical communication systems, enabling the division of a single light signal into multiple outputs or combining multiple
