

Outdoor power distribution box types and prices

Overview

Best Outdoor Power Distribution Box for Tough Jobs and Outdoor Finding a reliable outdoor power distribution box is essential for construction sites, event.

Key Takeaways

Outdoor power distribution boxes currently range from around \$15 to over \$1,500 depending on size, amperage, and features.

Typical Price Ranges

Small, basic outdoor boxes: \$15–\$50. These are usually plastic or compact metal enclosures suitable for a few outlets or light-duty applications (Walmart, Tractor Supply, Amazon). Medium-duty boxes: \$50–\$250.

These include weatherproof steel or polycarbonate enclosures with multiple GFCI-protected outlets, 30–50A capacity, and twist-lock or standard receptacles (Amazon, Home Depot, Lowe's, Ace Hardware). Heavy-duty or contractor-grade boxes: \$250–\$650. Designed for job sites or RV use, these boxes often feature 50A input, multiple 120/240V outlets, surge protection, circuit breakers, and rugged steel construction (Platt Electric Supply, Uline, Full Compass Systems, Ace Hardware).

Specialized or high-capacity units: \$650–\$1,500+. These include large multi-phase, multi-pole distribution boxes for industrial, solar, or large event setups, often with multiple twist-lock outlets, high amperage, and UL/ETL certifications (Full Compass Systems, eBay, Uline).

Key Features Affecting Price

Amperage rating: Higher amperage (50A, 100A, 200A) increases cost. Number of outlets: More outlets or circuits generally raise the price. Material and weatherproofing: Steel, aluminum, or fiberglass enclosures with IP65/IP66 ratings are more expensive than basic plastic boxes.

Additional protections: Built-in surge protection, GFCI outlets, and circuit breakers add to the cost. Portability and accessories: Handles, adapters, and compact designs for RV or jobsite use can influence pricing.

Examples of Current Products

Champion Power Distribution Box: 50A, six 120V GFCI outlets, one 120/240V twist-lock outlet, \$449. 99 (Ace Hardware).

Southwire Temporary Power X-

Treme Box: 50A, 125/250V, multiple GFCI outlets, \$499-\$525 (eBay, Amazon).

VEVO

R Steel Electrical Box: Large wall-mounted, IP66 waterproof, \$122. 90-\$147 (Walmart). Small plastic or compact boxes: \$15-\$35, suitable for light outdoor use or temporary setups (Walmart, Amazon).

In summary, for general outdoor use, expect to pay \$50-\$250 for a reliable medium-duty box, while professional or high-capacity boxes for construction or RV use range from \$250 to \$650, and specialized industrial units can exceed \$1,000. The final choice depends on your amperage needs, number of outlets, and environmental protection requirements.
