

Power Optical Cable Manufacturers

Overview

Cables Manufacturers and Suppliers in the USA A bar graph illustrating the quality certification statistics of cable suppliers in the USA on the Thomas Net.

Key Takeaways

Leading manufacturers of power optical cables include Prysmian, Nexans, HUBER+SUHNER, Corning, LAPP, Sumitomo Electric, Southwire, LS Cable & System, Furukawa Electric, and Belden. Global Leaders and Their Specialties

- Prysmian Group: A world leader in energy and telecom cables, offering a wide range of power optical cables for industrial, commercial, and submarine applications .
- Nexans: Based in France, Nexans provides advanced cable and optical fiber solutions for energy and telecommunications, focusing on efficiency and sustainability .
- HUBER+SUHNER, Corning, LAPP: These companies supply specialized power optical cables, including ADSS (All-Dielectric Self-Supporting) and industrial control cables .
- Sumitomo Electric Industries: Japan-based, known for innovative power, automotive, and optical fiber cables .
- Southwire: A major North American manufacturer, offering cables for residential, industrial, and energy markets with a focus on renewable energy solutions .
- LS Cable & System: South Korea-based, providing advanced power distribution, telecommunications, and automotive cable products .
- Furukawa Electric Co., Ltd: Produces fiber optic and power cables, emphasizing sustainability and smart technologies .

- Belden Inc: U.S.-based manufacturer of high-performance cables and networking components for demanding industrial applications .

Specialized Manufacturers

- CEF / Optral: Focuses on fiber optic cable manufacturing and distribution, including indoor and outdoor applications for communication and industrial use .

- Optic-Electric: Offers indoor and outdoor optical fiber cables, high-voltage power cables, and direct-buried solutions for industrial and commercial installations .

Applications

Power optical cables are used in:

- Industrial machinery and hoisting systems

- Trolley and transfer lines

- Communication networks and data centers

- Submarine and underground power transmission

- Smart city and renewable energy projects These manufacturers provide solutions that combine power transmission and optical communication, ensuring high reliability, fire resistance, and suitability for both indoor and outdoor environments . For sourcing, DirectIndustry lists over 40 products from leading brands, making it a useful platform to compare specifications and suppliers .

Article Content

Fiber Optic Cable Supplier, Distributor

Stocking distributor of fiber optic installation tools, bulk fiber cables, fiber patch cables, test equipment, cable management, fiber optic
