Price of 3-meter SC-SC pigtail

Overview

Single Mode and Multimode Fiber Pigtails (6 or 12 Fibers)High quality pre-terminated 900µm optical fiber pigtails with LC, SC, ST connectors for fiber spli.

Key Takeaways

The price of a 3-meter SC-SC fiber optic pigtail typically ranges from $15 to $35 per unit, depending on connector type, fiber count, and vendor. Pricing OverviewSC APC 12-Fiber Singlemode Pigtail: Available from vendors like LanShack, these 3-meter pigtails are high-quality, jacketed, and suitable for fusion splicing. They are described as competitively priced and offer reliable performance with low back reflection.

SC UP

C 12-Fiber Singlemode Pigtail: Vendors such as FiberSavvy offer 3-meter SC UPC pigtails with partial outer jackets for protection and easy installation. These are also priced in a similar range and are suitable for patch panels and enclosures. Other Vendors: FS.com and MeFiberOptic provide similar 3-meter SC-SC pigtails, including multi-color 12-fiber options, with prices generally competitive and customizable for specific requirements.

Factors Affecting Price

Connector Type: APC connectors usually cost slightly more than UPC due to lower back reflection and higher precision. Fiber Count: 12-fiber pigtails are more expensive than 6-fiber versions. Jacket Type: PVC or 900µm jackets may influence cost.

Vendor and Shipping: Prices vary depending on supplier, shipping speed, and bulk order discounts.

Recommendations

For budget-conscious purchases, check multiple suppliers like LanShack, FS.com, and FiberSavvy to compare prices and shipping options. Ensure the connector type and fiber count match your network requirements.

SC AP

C is preferred for high-performance singlemode applications, while SC UPC is suitable for standard singlemode connections. Consider ordering in bulk if multiple pigtails are needed, as vendors often offer discounts for larger quantities. By considering these factors, you can select a 3-meter SC-SC pigtail that balances price, quality, and compatibility for your fiber optic network needs.
