

Price quote for aluminum alloy cable trays in Asia

Overview

Buy Aluminum Cable Tray Powder Coated 60 x 30mm, 30 x 30mm, 75 x 50mm, 100x50mm, 100x100mm, 150x100mm online today!

Key Takeaways

Aluminum alloy cable trays in Asia are available from multiple suppliers, with pricing dependent on type, size, material grade, and order volume, and quotes can be requested directly from manufacturers or distributors. Supplier Options and Product Types

- Alibaba offers a wide range of aluminum alloy cable trays suitable for industrial and commercial applications, including ladder, solid-bottom, trough, and wire mesh designs. Bulk orders are welcomed, and suppliers provide options for indoor and outdoor use .
- Made-in-China lists numerous Chinese manufacturers and distributors providing aluminum cable trays with OEM and factory-direct options. Pricing can vary based on customization, load capacity, and environmental requirements. Volume discounts are often available for large orders .
- Apex tray specializes in 6063-T6 aluminum alloy trays, known for corrosion resistance, high strength-to-weight ratio, and excellent heat dissipation. They offer ladder, perforated, and solid-bottom designs, and samples can be requested for evaluation before bulk purchase .

- Powerack provides custom aluminum cable trays with a focus on structural integrity and aesthetic performance. They cater to both standard and tailored specifications, suitable for industrial and commercial installations .

- Cabletraygi offers perforated, slotted, and solid-bottom aluminum trays with various widths (50mm–1000mm) and thicknesses (1.0mm–3.0mm). They provide indoor and outdoor solutions, including anodized and weatherproof options .

Factors Affecting Price

- Material Grade: Higher-grade aluminum alloys like 6063-T6 are more expensive due to superior strength and corrosion resistance.

- Tray Type: Ladder trays are generally more robust and may cost more than wire mesh or perforated trays.

- Dimensions: Width, height, and length of trays directly influence material cost.

- Customization: OEM/ODM orders or special finishes (anodizing, fire resistance) can increase price.

- Order Volume: Bulk purchases often qualify for discounts.

How to Obtain a Quote

- Contact suppliers directly through their websites (Alibaba, Made-in-China, Apexray, Powerack, Cabletraygi) and provide specifications such as tray type, dimensions, material grade, and quantity.

- Request OEM or factory-direct pricing if customization is required.

- Ask for samples to verify quality before placing large orders. By providing these details, suppliers can generate accurate price quotes tailored to your project requirements.
