

Rooftop cable tray bracket price

Overview

Rooftop Duct Supports & Cable Trays | Protech OnlineShopping for cable trays & supports with Protech Online is a great way to prevent damage to your rooftop.

Key Takeaways

Rooftop cable tray brackets typically range from £20 to £100 per unit, depending on size, material, and supplier. Price Overview

- Small cable tray supports like the Roof-Pro TAB-C are designed for lighter cable volumes and feature a broad, non-penetrative base. These are generally on the lower end of the price range, around £20-£40 per unit depending on supplier and delivery options .
- Medium to large supports such as the Roof-Pro TAB-C 500/750/1000 or DPK supports, which can handle larger cable volumes and multiple services, are more robust and pre-fabricated. Prices for these can range from £50-£100 per unit, with bespoke designs potentially costing more .
- Stainless steel trapeze brackets (e.g., 100mm A316/A4 with 500mm drop) are premium options offering corrosion resistance and durability for external environments. These typically cost £40-£70 per bracket, with trade or bulk pricing available upon request .

Factors Affecting Price

- Material: Galvanised steel is generally cheaper than stainless steel, which offers superior corrosion resistance.
- Size and Load Capacity: Larger brackets or those designed for multiple cable runs cost more.

- **Supplier and Delivery:** Some suppliers offer free delivery on orders over £100 or next-day dispatch, which can affect overall cost .
 - **Customization:** Bespoke designs for specific rooftop layouts or combined services may increase the price .
- Supplier Options
- **CMW Ltd:** Offers a range of economical rooftop cable supports with next-day delivery and free shipping on orders over £100 .
 - **Direct Channel UK:** Specialises in stainless steel trapeze brackets with fast UK delivery and trade pricing options .
 - **Roofing Superstore & Roof-Pro:** Provide TAB-C and DPK supports for small to large cable volumes, including bespoke solutions .
 - **Walraven:** Offers custom rooftop cable tray supports with technical advice and on-site support . For accurate pricing, it is recommended to contact suppliers directly, especially for bulk orders or bespoke configurations, as prices can vary based on quantity, material, and delivery location.
