

Source of fireproof cable trays in North Macedonia

Overview

Unigroup offers a line-up of high-performance cable trays, Trunking and Channel Systems for all your cable routing requirements.

Key Takeaways

Fireproof cable trays in North Macedonia can be sourced from specialized suppliers like LONGJOY Cable Tray and general cable tray manufacturers such as Brilltech Engineers Pvt. Ltd and Cable House. Specialized Fireproof Cable Trays

LONGJOY Cable Tray offers a fireproof channel cable tray system made from galvanized steel with a fireproof coating. The coating is non-toxic, environmentally friendly, and provides excellent fire resistance, water resistance, and oil resistance. These trays are suitable for critical installations such as fire control rooms, fire pumps, fire elevators, smoke fans, and automatic fire alarm systems. The steel skeleton is high-quality cold-rolled sheet, ensuring high bearing capacity and long service life, while the fireproof board is made from siliceous and calcrete materials mixed with fibers and chemical additives for enhanced heat insulation and structural protection under high temperatures .

General Cable Tray Manufacturers

- Brilltech Engineers Pvt. Ltd
- Offers a wide range of cable trays including galvanized, stainless steel, ladder, perforated, and PVC trays.
- Provides customized solutions for residential, commercial, and industrial sectors.

- Known for high-quality manufacturing, corrosion resistance, and robust construction, suitable for harsh environments .
- They also supply raceways for secure cable routing in communication rooms and computer installations .
- Cable House
- Established manufacturer providing customized cable trays and related accessories.
- Products are recognized for durability, reliable performance, and long service life.
- Offers support for both national and international clients, ensuring tailored solutions for specific project requirements .

Considerations for Selection

- Material: Fireproof trays often use galvanized steel with fireproof coatings or fiber-reinforced plastics for corrosion resistance and lightweight strength .
- Application: Choose trays based on the environment—industrial, chemical, or fire safety-critical areas.
- Customization: Many suppliers in North Macedonia provide custom sizes and configurations to meet project specifications.
- Compliance: Ensure the trays meet local fire safety and electrical standards. For procurement, you can contact these suppliers directly to discuss fireproof specifications, delivery timelines, and installation support. This ensures you get a solution tailored to your safety and operational requirements.
