

Swiss Mesh Cable Tray Unit Price

Overview

Ducts, Cable Trays & Trunking | Distrelec Switzerland Distrelec Switzerland stocks a wide range of Ducts, Cable Trays & Trunking. Next Day Delivery Available.

Key Takeaways

Wire mesh (basket) cable trays in Switzerland are the most affordable type, typically ranging from \$2 to \$25 per meter depending on material, size, and finish.

Price Overview

Wire mesh cable trays, also known as basket trays, are made of fine steel wire welded into a tray. They are lightweight, easy to cut, and ideal for small cables in offices or data centers. In Switzerland, suppliers like Jeetmull Jaichandlall and Distrelec offer high-quality mesh trays tailored to industrial and commercial needs.

Pre-

Galvanized Steel (PG): Most affordable, suitable for dry indoor areas such as offices and schools. Prices start around \$2-\$5 per meter.

Hot-

Dip Galvanized Steel (HDG): More durable, ideal for outdoor or industrial environments. Prices typically range from \$10-\$20 per meter. Aluminum Mesh Trays: Lightweight and corrosion-resistant, but more expensive, generally \$20-\$25 per meter.

Factors Affecting Cost

Material Type: Steel is cheapest, aluminum is more expensive, and stainless steel (if used) is the highest cost. **Tray Dimensions:** Wider or taller trays require more material, increasing the price. **Surface Finish:** Coatings like HDG or powder coating add to durability and cost.

Order Quantity: Bulk orders can reduce per-meter cost by 20–40%. **Installation and Accessories:** Fittings, brackets, and labor can significantly affect total project cost.

Practical Considerations

Wire mesh trays are ideal for lightweight cabling and areas requiring ventilation. They reduce installation time compared to conduit systems, potentially saving 40–60% of project labor costs. For large-scale projects, requesting a custom quotation from Swiss suppliers ensures accurate pricing based on tray length, material, and finish.

In summary, Swiss mesh cable trays offer a cost-effective solution for light cabling, with prices varying mainly by material, coating, and order size. For precise project budgeting, contacting local suppliers for a detailed quote is recommended.
