

Warranty for 2U Outdoor Cabinet

Overview

Outdoor Cabinets Direct Inc. warrants to the original purchaser that the cabinetry made by Outdoor Cabinets Direct Inc.

Key Takeaways

Most 2U outdoor cabinets come with a limited or lifetime warranty covering defects in materials and workmanship for the original purchaser, with exclusions for misuse, natural disasters, and wear-and-tear. Coverage Overview

Outdoor cabinet warranties generally cover defects in materials and workmanship under normal residential use. This includes the cabinet structure, doors, drawers, shelves, and sometimes polymer components, depending on the manufacturer (Outdoor Cabinets Direct, Open Air Outdoor Cabinetry, WeatherStrong, EXT Cabinets). The warranty is typically non-transferable and applies only to the original purchaser, although some brands like EXT Cabinets allow transfer to a new homeowner if the property is sold.

Duration

- Outdoor Cabinets Direct: Warranty lasts as long as you own the cabinetry.
- Open Air Outdoor Cabinetry: Offers a limited lifetime warranty.
- WeatherStrong: Provides a limited lifetime warranty against defects in materials and workmanship.
- EXT Cabinets: Lifetime warranty covering material and construction defects.

Exclusions

Warranties generally do not cover:

- Damage from misuse, neglect, improper installation, or modifications .
- Damage caused by natural disasters such as lightning, floods, or storms .
- Wear and tear or cosmetic issues like fading, scratches, or minor surface imperfections .
- Labor, shipping, or installation costs for repair or replacement .
- Third-party hardware or components, which are subject to the original manufacturer's warranty .

Claim Process

To make a warranty claim:

- Retain proof of purchase (bill of sale or receipt) .
- Document the defect with photographs of the installed cabinet .
- Contact the dealer or manufacturer where the cabinet was purchased .
- The manufacturer will inspect the cabinet and determine eligibility for repair or replacement .

Additional Notes

- Some brands, like WeatherStrong, use HDPE and All-Weatherboard® construction to ensure durability against moisture, UV rays, and extreme temperatures, which supports the warranty coverage .
- Cabinets are generally designed to support heavy countertops like granite or marble, but following manufacturer maintenance recommendations is important to maintain warranty validity . In summary, a 2U outdoor cabinet typically comes with a lifetime or limited lifetime warranty covering structural defects, with exclusions for misuse, natural events, and wear-and-tear. Proper documentation and contacting the authorized dealer are essential for warranty claims.
