

What are some brands of spectrometer testing equipment

Overview

This section provides a list of the top 10 Spectrometer manufacturers, Website links, company profile, locations is provided for each company.

Article Content

Top 10 Spectrometer Brand & Manufacturers

This section provides a list of the top 10 Spectrometer manufacturers, Website links, company profile, locations is provided for each company. Also provides a detailed product description of the

Top 100 Spectrometer Manufacturers in 2026 | ensun

Different types of spectrometers, such as mass spectrometers and infrared spectrometers, cater to specific analytical needs, providing insights that are crucial for research and quality control in

Top 7 Spectrophotometer Companies in the Global Market

Explore the top companies, shaping the global spectrophotometer market in 2025, led by Agilent Technologies, Thermo Fisher Scientific Inc., Bruker Corporation, and Bio-Rad Corporation.

Spectrometer Manufacturers

A Spectrometer is a scientific instrument used to measure and analyze the properties of light over a specific portion of the electromagnetic spectrum. The leading manufacturers of Spectrometers are

5 Best Spectrometer Manufacturers in 2025

Spectrometers are essential measurement devices in industries ranging from food and beverage to pharmaceuticals. These tools measure the wavelengths reflected or emitted by a

The 10 Best Lab Spectrometers of 2026 (Reviews)

There are several types of spectrophotometers used in laboratories, including VIS spectrophotometer, UV-VIS spectrophotometer, infrared spectrophotometer, fluorescence

32 Spectrum Analyzer Manufacturers in 2026

This section provides an overview for spectrum analyzers as well as their applications and principles. Also, please take a look at the list of 32 spectrum analyzer manufacturers and their company rankings.

Spectrometers – Buyer's Guide & Supplier List | RP Photonics

This buyer's guide for spectrometers provides technical background, comparison of major types, selection criteria, and an overview of suppliers.

20 Spectroscopic Analyzer Manufacturers in 2026

The company consists of three industry brands: Ocean Optics, which pioneered miniature spectrometers and delivers spectral solutions to researchers, OEMs and industrial customers; Ocean Applied,

Spectroscopy & Analytical Instruments | Worldoftest

Spectroscopy & Analytical Instruments Qualitest offers a complete range of spectroscopy instruments and chemistry analytical instruments for accurate chemical and elemental analysis in laboratories

The Best Mass Spectrometers of 2026: Top Picks for Research,

Upgrade laboratory analysis with the best mass spectrometers of 2026. Explore top models for sensitivity, throughput, and precision from Thermo, SCIEX, and Bruker.

Choosing the Right Spectrometer

For example, a spectrometer can be used to identify materials or molecules. This buying guide will focus on the different spectrometry techniques, including what

List of mass spectrometry companies

Below is a list of mass spectrometry, gas chromatography, and related companies. The following list might not be up-to-date and certainly incomplete. Some companies have been acquired or their

Spectrophotometers & Analytical Equipment

UV/Vis, IR and flame absorption spectrometers, microscopy systems and cell density meters from Perkin Elmer, Biochrom and Analytik Jena. Select models

Top Brands for Test and Measuring Equipment: An In

In this article, we'll explore some of the best brands available in the market today, highlighting their strengths and popular products. Brands covered

Top 100 Spectrometer Manufacturers in 2026 | ensun

Spectris is a manufacturer that specializes in high-tech instruments and test equipment, which includes precision measurement tools relevant to the

Test & Measurement Equipment 2026: Market Share

Test and measurement equipment is a critical component in a wide range of industries, from electronics and telecommunications to manufacturing

Raman Spectroscopy Instrument Pricing: A Comprehensive Guide

Raman spectroscopy is a powerful tool, but cost barriers shouldn't prevent scientists and companies from leveraging its benefits. Leasing provides a practical alternative to purchasing,
