

Which Ethiopian anti-corrosion cable tray supplier is the best

Overview

Cable Tray Manufacturer Addis Ababa Professional cable tray manufacturing in Addis Ababa, Ethiopia. We produce high-quality cable trays, ladders, and acces.

Key Takeaways

Top Ethiopian suppliers for anti-corrosion cable trays include NAHMA Precision Metal Products, Brilltech Engineers, and Cable House, offering high-quality stainless steel, galvanized, and custom solutions. Leading Suppliers

1. NAHMA Precision Metal Products Located in Addis Ababa, NAHMA produces high-quality ladder-type and perforated cable trays suitable for industrial and electrical applications. They offer custom solutions and focus on durable, corrosion-resistant materials, making them a strong choice for projects requiring long-lasting performance in harsh environments . 2. Brilltech Engineers Brilltech provides a wide range of cable trays made from galvanized steel, stainless steel, and fiberglass, ensuring excellent corrosion resistance. Their trays are designed for enhanced airflow, easy installation, and cable protection, and they offer technical support for system design and installation, which is valuable for complex projects . 3. Cable House Cable House has extensive experience in manufacturing and supplying cable trays in Ethiopia. They offer customized solutions with a focus on durability, reliability, and compliance with industry standards. Their products are recognized for long service life and corrosion resistance, and they provide strong customer support for tailored project requirements . 4. JLH Electric (Hot-Dip Galvanized Trunking) Although not Ethiopia-based, JLH Electric supplies hot-dip galvanized trunking, which is highly resistant to corrosion and suitable for harsh environments. Their products comply with BS EN 10346:2009 standards and are available in various sizes and thicknesses, making them a reliable option for projects needing robust anti-corrosion solutions .

Recommendation

For domestic Ethiopian projects, NAHMA Precision Metal Products and Brilltech Engineers are highly recommended due to their local presence, customization capabilities, and proven quality in corrosion-resistant cable trays. Cable House is also a strong contender for projects requiring tailored solutions and technical support. For international-standard galvanized solutions, JLH Electric's hot-dip galvanized trunking is an excellent option. When selecting a supplier, consider material type (stainless steel vs galvanized), project size, customization needs, and technical support to ensure optimal performance and longevity of your cable tray system.
